

Remarks – Gail Card

Thank you Mecklenburg Ministries and thanks to my wonderful husband, Merritt, my very special family and many dear friends... you have always been "the wind beneath my wings." There are so many more deserving people who should receive this award today. So for all of you who have walked across that bridge and taken the hand of a stranger with acceptance and understanding and not with judgment or bias, I share this honor with all of you.

It is the responsibility of us all to make a difference.

"Let there be peace on earth and let it begin with you".
