

We Need To Talk...Small Group Discussion Questions

What does your faith tradition say about public education? Racial and socioeconomic isolation?

How does that translate into practice for you personally? For your place of worship? For other systems you are a part of?

How do you think race and racism impact our decisions related to our personal school choices and to our communities' approach to student assignment?

What do you wish would happen in our schools and neighborhoods? How can you make choices to move us closer to that vision? How can we do that together?
